Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	1. Opens application portal 2. Enters personal details 3. Uploads required documents	1. Waits for verification 2. Provides additional details if requested 3. Tracks application status	1. Receives approval or rejection message 2. Reviews decision 3. Accepts approved card offer
Touchpoint <i>What part of the service do they interact with?</i>	1. Website or mobile application 2. Application form 3. Document upload system	1. Verification system 2. Email or SMS notifications 3. Machine learning prediction model	1. Result dashboard 2. Email/SMS notification 3. Customer support team
Customer Thought <i>What is the customer thinking?</i>	1. "Will my application be accepted?" 2. "Did I provide all documents?"	1. "How long will verification take?" 2. "Is my credit score sufficient?"	1. "Why was I approved or rejected?" 2. "What are my next steps?"
Customer Feeling <i>What is the customer feeling?</i>	1. Hopeful 2. Excited 3. Slightly nervous	1. Anxious 2. Curious 3. Waiting for updates	1. Happy if approved 2. Disappointed if rejected 3. Interested in understanding the

			reason.
--	--	--	---------

Process Ownership <i>Who is in the lead on this?</i>	1. Customer 2. Front-end application system	1. Verification team 2. Machine learning model 3. Bank processing system	1. Bank decision team 2. Notification system
Opportunities <i>How can we improve this stage?</i>	1. Simplify application form 2. Provide document upload guidance 3. Reduce data entry errors	1. Faster verification process 2. Real-time status tracking 3. Improve prediction accuracy	1. Provide clear reasons for rejection 2. Suggest improvements for future approval chances 3. Faster communication of results
